

## **2017 AP® PSYCHOLOGY FREE-RESPONSE QUESTIONS**

2. Sachio traveled to a prestigious college to audition for a music scholarship. After he arrived, he learned that his audition had been rescheduled for late in the day. Sachio was required to play several difficult pieces on his saxophone and interview with the judges. Just before leaving campus, he was offered a full scholarship to the college.

Explain how each of the following might have contributed to the success of Sachio's visit.

- Resistance phase of general adaptation syndrome
- Implicit memory
- Social facilitation
- Basilar membrane
- Somatosensory cortex
- Intrinsic motivation
- Big Five personality trait of extraversion
